A modern chair with timeless artisan qualities. Crafted in natural wood and a choice of tonal finishes it stands out for its gently curvaceous back legs and open-armed backrest that cradle the user and provide optimal support.

Remo's woven seat also comes in a selection of materials, each with its own personality: interlocking elasticized tape that lends a fresh contemporary feel, and woven paper chord for a more traditional finish.

Fresh, natural, comfortable and accommodating, the Remo chair is versatile, honest and with a happy soul.
